

**SISTERS OF
MERCY**
WORLDWIDE

Today, Sisters of Mercy, through Mercy International Association, use their resources to respond to issues of global poverty demonstrated in the massive displacement of persons worldwide.

Every three years the Strategic Plan for Mercy International Association is reviewed.

Thank you to all who participated in the first stage of this review and completed the survey that was conducted through Mercy e-News.

The responses to the survey have been analysed. The feedback particularly indicated a desire for the Strategic plan to be influenced by the findings of the Mercy International Reflection Process (MIRP) and the emerging understanding of Mercy Global Presence.

In the next stage of input to the Strategic Plan, you are invited to join Sisters Mary Reynolds, Denise Boyle, Anna Nicholls and Margaret Scroope at Mercy International Association through a video link to discuss the question “***In the light of the MIA Vision statement, what priorities might MIA focus on over the next 5 years?***”
